## Deliverable D9.2 – POPD - Requirement No. 2

### Executive Summary

The aim of deliverable (D9.2) is to describe the protection of personal data requirements within the project through appropriate procedures. Thus, the following requirements will be discussed in this deliverable:

- how the data intended to be processed in the project is relevant and limited to the purposes of the research project,
- all technical/organisational measures put in place to safeguard the rights and freedoms of the data subjects/research participants,
- detailed information on the Informed Consent Procedures (ICPs) regarding data processing, templates of the ICP forms and information sheets (in language and terms intelligible to the participants) must be kept on file.
- a statement if the research data will be anonymised/pseudonymised or explain why if not.

### Acknowledgement

The author(s) would like to thank the partners in the project for their valuable comments on previous drafts and for performing the review.
